Patent Application No. 10/743,732
of Stephen CARLEY

REMARKS

Reconsideration and allowance of this application are respectfully requested in view of the above amendments and the following remarks.

By this Amendment, claims 26-27 have been canceled, claims 1, 2, 4, 11, 13, 18-21, 28, and 31-34 have been amended, and new claims 37-38 have been added. A new 206 word Abstract has been provided.

Upon entry of this Amendment, claims 1-4, 9-14, 18-25, and 28-38 will be pending in this application. No new matter has been added by this amendment.

THE DRAWINGS

Figures 3A and 6, added by earlier Amendment on 05/05/05, have been canceled / deleted. Figures 3A and 6 had been previously added in response to the Examiner's objection to URLs in the specification (made in Office Action mailed 07/01/2004). The specification had also been amended to refer to the new drawings and to remove the URLs. However, since such changes were not required, the drawings are canceled / deleted.

Applicant notes that the present drawings (without Figures 3A and 6) were accepted on 07/01/2004. Further, the "Brief Description of the Drawings" (on pg. 7 of the Substitute Specification filed 07/26/05), correctly omits reference to the canceled Figures 3A and 6.

Approval of these drawing changes is respectfully requested.

THE CLAIMS

The Examiner objected to claims 1-4, 9, 11, 13, 14, 18-23 and 26-36 under 37 CFR 1.75(a). As noted above, claims 26 and 27 have been canceled. Claims 1, 2, 4, 11, 13, 18-21, 28, and 31-34 have been amended to deal with the issues raised by the Examiner. Applicant thanks the Examiner for his detailed review of the claims and his suggested amendments.

Patent Application No. 10/743,732
of Stephen CARLEY

In view of the above amendments, withdrawal of the objection to the claims is respectfully requested.

New claims 37 and 38 have been added. Claim 37 is similar to a combination of features from allowed claims 1, 2 & 35, and claim 38 is similar to a combination of features from allowed claims 10, 11, 24 & 25.

The Examiner indicated that claims 1-4, 9-14, 18-25 and 28-36 were allowed, subject to the appropriate correction.

Applicant respectfully submits that all claims are now in condition for allowance.

PRIOR ART REJECTION

The Examiner previously rejected claims 1-4, 9-14 and 18-21 under 35 USC §102. In view of the cancellation of those claims, this rejection is moot and its withdrawal is respectfully requested.

CONCLUSION

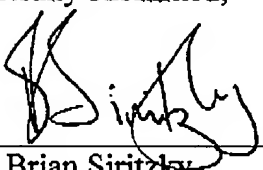

In view of the foregoing amendments and remarks, allowance of this application is earnestly solicited.

The Examiner is invited to telephone the undersigned should he believe that a telephone conference would resolve any outstanding issues in this application.
